GOVERNOR SEYMOUR.

OUR CORPS AND ORGANIZATION.

We have tenographic reporters whose business it will be to take down and report public speeches in this cany vs. speeches delivered in Kentucky to Kentuckians—speeches discussing questions of every-day interest to all and which all should read.

We have a complete and organized corps of experienced editors and reporters, educated for the profession, and entering in thirty years of experience in entering to the public. As a local journal we are not in a rival; as a State journal we invite every competitor.

While the political department of the Democrat will be thorough—furnishing, beside carefully written editorials on all

the leading questions of the day, the speeches of our eminent statesmen made during the canvass—its other departments will render it one of the most complete and thorough newspapers in the country.

WORM DESTROYER.
DR. W. M. WILCOX'S
Vegetable Worm Destroyer
THE GREAT REMEDY
FOR
Destroying Worms!

THIS WORM DESTROYER is a purely vegetable preparation, and is entirely safe for the most delicate child. It is warranted not to contain mercury or any mineral substance in any form. Children will not object to take it, as it is PLEASANT TO TASTE.

Thousands of children die annually of worms & the want of a proper remedy at hand.

INSTRUCTIONS

TRICEPHALUS DISPAR.

TENIA SOLINAM.

Another species of the tapeworm, the *tenia solis* or *bohrdrichtersi*, is common in Russia and Switzer-land. This is reproduced below:

NEW ALBANY, June 24th, 1886.

Dr. W. M. Wilson: Sir.—In answer to your in-quiry in regard to the effect of our remedy for tapeworm, I beg leave to tell my experience. Sev-eral years ago I discovered that I was afflicted with one of these worms, and did not interfere with my health or business, but after about a year I became very sick at all times. My health be-came so bad that I was obliged to quit my busi-ness, and commenced doctoring, and to be brief, I have paid out large sums of money in a great many phys-icians. I lived at Uniontown, Kentucky, when I commenced, and the physicians every one whom I tried to that and the neighboring towns

[illegible]

Dr. W. M. Wilson: Sir—in accordance with your request, I am submitting the following facts in regard to the affliction of my niece, Annie Lewis, aged 12 years. The first symptoms of the disease in her system of the monster was discovered in the summer of 1892, when she was a child, having very little to say. Every remedy she was given failed to remove the worms. Three years ago she was under the treatment of rational physicians, who were unable to remove the worms. Finally, I tried all sorts of experiments to dislodge the enemy, but without success. In the summer of 1895, I resorted to Jayne's Purgative, which was also tried, but it too failed to remove the worms. Her general health raised her to become partially blind, and to suffer otherwise. A consultation of physicians was held, and the result was that recovery was given up until I heard of your remarkable remedy. I immediately procured a box, and after removing the entire worm, T.W.N.T. T.W.N.T. REMEDY FOR THE CURE OF THE MONSTER. I was very much surprised to find her weight eighty-four pounds against sixty-four pounds previous to her affliction.

good health and be cheerful and lively, having fully recovered her state. I can cheerfully recommend your remedy as safe and sure in such cases.

Yours, respectfully, DAVID LEWIS.

NEW ALBANY, July 26th, 1860.

Dr. W. M. WILCOX Sir—I tried your Worm Destroyer upon one of my children, about 7 years old, and found it to be all it is represented. The child had been afflicted with worms for some time, and was very heavily afeared. I finally tried your Worm Destroyer, and after a few days the worms were passed off, one of number of which was eighteen inches long. I am satisfied it will prove safe and reliable remedy for the removal of worms from children.
